

WikiSuite vs CommonsCloud

CommonsCloud and WikiSuite have some similarities. This page is to explain the differences and rationale of choices. You likely will be interested in the other [alternatives to WikiSuite](#).

Similarities

- A shared concern about integrating interfaces (and not just making it easy to install and upgrade apps)

Differences

As of 2018, CommonsCloud has picked 3 apps to integrate (Phabricator, NextCloud and Discourse), but it's not clear how to download and install the solution. WikiSuite offers a much broader feature set, with installers: [How to install WikiSuite](#)
